

Handling Specialty has developed a global reputation for successfully delivering custom engineered material handling systems to a wide range of industries.

Advanced Manufacturing Industry

Handling Specialty combines best-in-class engineering, manufacturing and controls integration to create state-of-the-art turnkey solutions to help our clients increase productivity, improve safety and reduce operational costs. The advanced manufacturing sector covers a wide variety of companies involved in the assembly and manufacture of products who rely on Handling Specialty to provide innovative technologies and reliable material handling solutions.

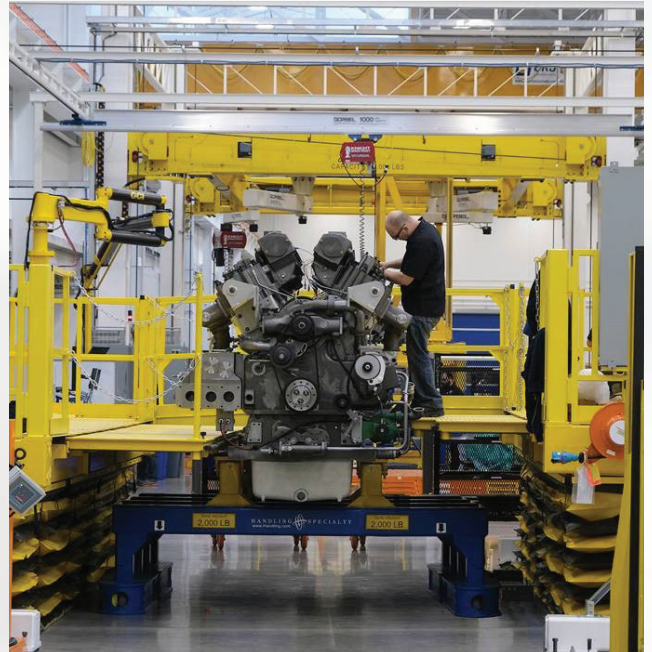

Handling Specialty's highly skilled work force and relentless commitment to quality delivers creative solutions, robust equipment, turn-key installations, onsite training and long-term professional support.

Our expertise allows us to effectively execute medium to large-scale projects including those with challenging requirements such as high duty cycles, large weight capacities, unique mounting configurations and the stringent process, quality and safety demands of advanced manufacturing industries.

We Build Big Things to Help our Customers Build Big Things

Custom Applications

- Adjustable Work Platforms & Personnel Lifts
- Custom Tow-Line Carriers
- Manually Guided Vehicles (MGV)
- Automatically Guided Vehicles (AGV)
- Tilters, Up-Enders & Rotators
- Custom Work Positioners
- Production Duty Scissor Lifts
- Large Capacity Transporters
- Four Post Electro-Mechanical Lifts
- Vertical Assembly Platforms & Work Cells
